

Ethics in sport

BTEC LEVEL 3 SPORT AND EXERCISE SCIENCE

What are ethics?

What are ethics?

Moral principles that direct a person's behaviour or the conducting of an activity. (Oxford dictionary, 2019)

1. You are going to pick one of the following debate topics (this can be all of them if you like!).
2. Do some research and decide if you are FOR or AGAINST (if you are for, try and challenge yourself to be against!).
3. Add in your points into either Pro (for) or Cons (against).

Debate 1:

Should prize money be the same for both men and women in all sports?

Debate 2:

**Up and coming athletes/
teams should be given the
best technologies to help
them compete with the best
athletes/ teams?**

Debate 3:

Should athletes that take performance enhancing drugs be allowed to compete with 'clean athletes'.

**What careers does
Sport and Exercise
Science lead to?**

**Sports
Psychologist**

**Sports
Nutritionist**

**Exercise
Physiologist**

**Personal
trainer**

**Sports
Therapist**

**Sports
Rehabilitation**

**Strength and
Conditioning
Coach**

**Clinical
Scientist**

Cardiologist

**Health
Improvement
Officer**

**Sport
Scientist**

**Physiotherapist
(May need A
Level Biology)**
