CURRICULUM

Within modern facilities, we offer a broad range of 16-19 courses giving our students plenty of options to choose from. Our extra-curricular enrichment activities and focus on volunteering help us to develop well-rounded students who are ready to take their next steps into higher education, apprenticeships or the workforce.

Our students receive a supportive and personalised experience, with outstanding careers guidance and pastoral support.

VALUES

Our College is built on strong cooperative values, with a focus on fairness, equality, and social responsibility. At Connell Co-op College we encourage students to embody the Ways of Being which include "Do What Matters Most," "Succeed Together," "Be Yourself Always," and "Show You Care."

Our ethos encourages students to think beyond academic success, promoting personal development, resilience and a commitment to making a positive impact on their communities.

When it comes to our staff - we ask that they bring a collaborative and cooperative mindset to the workplace. We employ people who are driven to always reflect on and improve what we do.

TEACHING

We know that expert teachers are great for every student and disproportionately brilliant for our more disadvantaged students - that's why we commit to supporting all of our teachers to develop, at every stage of their career. Our expectations of teaching practice focus on key principles that are proven to enhance learning in our context. Our open culture fosters continuous improvement as teachers engage in quality assurance, exchange supportive feedback, and participate in instructional coaching. High-quality teacher development is central to everything we do.
