

# Co-op Career Development Hub

## What's it all about?

We appreciate just how tough getting into the world of work is right now. So, to help our Co-op Academy students get work ready we're offering 12 months free access to our new employability platform, the Co-op Career Development Hub.

This online hub is filled full of resources, learning and tools to help build knowledge, skills and resources which is individually tailored to the user's needs in an intuitive and accessible manner too.

- Access to thousands of online learning modules on topics from using Microsoft Office to 'How to work better from home' and many more
- Tools which help build a CV from scratch - it even has an intelligent CV checker, providing immediate feedback on your CV based on artificial intelligence
- An interview simulator which can help when practicing for live, recorded video or face to face interviews
- Lots of video and case study content with information on careers in different industries and sectors too

It's free of charge to users and can be used by them even after they've left education.
